New Source Review newspaper advertisements for construction permit applications, April 2, 2015. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: March 31, 2015, April 1, 2015, April 2, 2015, or April 3, 2015. Public notices are generally published every two weeks. The previous publication of public notices was March 19, 2015.

## PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, 15<sup>th</sup> Floor, Nashville, Tennessee 37243 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Any individuals with disabilities who wish to participate in these proceedings or to review these filings should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such initial contact may be in person, by writing, telephone, or other means, and should be made no less than ten (10) days prior to the hearing, or the date such party intends to review such filings, to allow time to provide such aid or service. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 2<sup>nd</sup> Floor, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, Nashville, TN 37243, (866) 253-5827 (toll free) or (615) 532 0200. Hearing impaired callers may use the Tennessee Relay Service (1-800-848-0298).

The applicant is <u>Wacker Polysilicon North America LLC</u> with a mailing address of <u>P. O Box 446</u>, <u>Charleston, TN 37310</u>. They seek to obtain an air contaminant permit (Division identification number: <u>06-0282-17/969674P</u>) for a waste water treatment operation located at the <u>553 McBryant Road NW</u>, <u>Charleston, TN 37310</u>. There would be physical construction. There are regulated air contaminants emitted by this source. Two wet scrubbers are used for control. Ms. S. Shajikumar is the assigned Division person.

For the Bradley County "Cleveland Daily Banner"--publish once on Thursday, April 2, 2015.

The applicant is Amazon.com.dedc, LLC with a mailing address of 345 Boren Avenue North, Seattle, WA 98109-5306. They seek to obtain an air contaminant permit (Division identification number 06-0311-01/970008) for the construction of an emergency engine located at 225 Infinity Drive NW, Charleston, TN. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants would be emitted by this source. Mr. Vergil Murrell, III is the assigned Division person.

For the Bradley County, "Cleveland Daily Banner"-- publish once on Thursday, April 2, 2015.

The applicant is <u>Blue Ridge Paper Products Inc.</u> with a mailing address of <u>701 Howard Baker Hwy</u>, <u>Pioneer, TN 37847</u>. They seek to obtain air contaminant permit (Division identification number: <u>07-0119-01/69989</u>) for modification to an existing <u>Hardwood and softwood fiber chipping Operation</u> located at <u>the same address</u>. This existing operation consists of debarking drum, chipper and associated equipment. The proposed modification is to increase the production permit limit of wood chips for this source from 300,000 tons of chips per year to 600,000 tons of chips per year. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants would be emitted by this source. Mrs. Sarosh Kaiser is the assigned Division person.

For the Campbell County "Lafollette Press"--publish once on Thursday, April 2, 2015.

The applicant is McKenzie Regional Hospital with a mailing address of 161 Hospital Drive, McKenzie, TN 38201. They seek to obtain an air contaminant permit (Division identification number: 09-0144-01/69965) for an existing 150kw (206 hp) diesel-fired engine for an emergency generator with no pollution controls located at the same address. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. C. Meek is the assigned Division person.

For the Carroll County "Carroll County News-Leader" -- publish once on Wednesday, April 1, 2015.

The applicant is <u>Carroll County Watershed</u> With a mailing address of <u>P.O.Box 668, Huntington Tennessee 38344</u>. They seek to obtain air contaminant permit(s) (Division identification number(s): <u>09-0145-01/970021G</u> for installation of a new fuel dispenser and 2000 gallon above ground fuel tank.

The facility is located on 1 mile to nearest town Huntington, Tennessee, 38344 The requested operation is for the approval to emit regulated air pollutants. Mr. Jim A. Attar is the assigned Division person.

The applicant is <u>Murphy Oil USA, Inc.</u>, with a mailing address of <u>200 Peach Street</u>, <u>El Dorado</u>, <u>AR 71730</u>. They seek to obtain an air contaminant permit (Division identification number: <u>24-0114-01/70035</u>) for construction of a <u>Gasoline Dispensing Facility</u> located at <u>6715 US Highway 64</u>, <u>Oakland, TN 38060</u>. This proposed operation would consist of three (3) gasoline storage tanks and twelve (12) gasoline nozzles. Stage I gasoline vapor recovery would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. Chris Meek is the assigned Division person.

For the Fayette County "Fayette Falcon"--publish once on Wednesday, April 1, 2015.

The applicant is <u>The Andersons</u>, <u>Inc.</u> with a mailing address of <u>P.O. Box 119</u>, <u>Maumee</u>, <u>OH 43537</u>. They seek to obtain an air contaminant permit for construction of a Grain Elevator located at 34 R.F. Hardison Road, Humboldt, TN 38343, as follows:

- (1) <u>Grain Receiving Operation</u> (Division identification number: 27-0254-01/70014). This proposed operation would consist of three (3) grain receiving pits used for unloading grain from trucks and railcars. A baghouse would be used for air pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. E. King is the assigned Division person.
- (2) <u>Grain Shipping Operation</u> (Division identification number: 27-0254-02/70015). This proposed operation would consist of a grain load-out station used for shipping out grain. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. E. King is the assigned Division person.
- (3) <u>Grain Handling Operation</u> (Division identification number: 27-0254-03/70016). This proposed operation would consist of four (4) elevator legs, a grain distributor, a headhouse, and grain conveyors used in grain handling. Enclosures would be used for air pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. E. King is the assigned Division person.
- (4) <u>Grain Dryer</u> (Division identification number: 27-0254-04/70017). This proposed operation would consist of a natural gas fired grain dryer used to dry grain for storage. Screens would be used for air pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. E. King is the assigned Division person.
- (5) <u>Grain Storage Operation</u> (Division identification number: 27-0254-05/70018). This proposed operation would consist of seven (7) grain storage bins used to store grain. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. E. King is the assigned Division person.

For the Gibson County "Milan Mirror-Exchange"--publish once on Tuesday, March 31, 2015.

The applicant is Mid South Concrete, Inc. with a mailing address of P.O. Box 1220, Pulaski, TN 38478. They seek to obtain an air contaminant permit (Division identification number: 28-0077-01/70039) for modification of a Concrete Batch Plant located at 1750 Braly Lane, Pulaski, TN 38478. This existing operation consists of gravel, sand, and cement stockpiles, two storage silos, a weigh-batch mixer, and associated equipment used to produce concrete. A dust collector and filter houses would be used for pollution control. The requested modification is to increase annual production from 50,000 yards to 75,000 yards. There would be no physical construction. Regulated air contaminants emitted by this source would increase. Mr. C. Meek is the assigned Division person.

For the Giles County "Pulaski Citizen" -- publish once on Tuesday, March 31, 2015.

The applicant is <u>La Quesera Mexicana</u> with a mailing address of <u>121 Hankins Road</u>, <u>Greeneville</u>, <u>TN 37745</u>. They seek to obtain an air contaminant permit (Division identification number: <u>30-0046-03/69932</u>) for a <u>Cheese Manufacturing facility</u> at <u>the same location</u>. This existing operation would consist of one (1) 10.1 MMBTU/hr natural gas-fired boiler and associated equipment. Due to the amount and type of emissions, the use of pollution control equipment is not proposed. There would not be physical construction. Regulated air contaminants would be emitted by this source. Mr. Jimmie Horton is the assigned Division person.

For the Greene County "Greeneville Sun"--publish once on Thursday, April 2, 2015.

The applicant is <u>Richardson Lumber Company</u>, <u>Inc. dba Waverly Wood</u> with a mailing address of <u>650 Sawmill Lane</u>, <u>Waverly, TN 37185</u>. They seek to obtain air contaminant permit(s) for a wood working operation and associated equipment at the following location: <u>43-0047-01/969851P</u> for <u>650 Sawmill Road</u>, <u>Waverly</u>, <u>Tennessee 37185</u>. The requested operation is for the approval to emit regulated air pollutants. Mr. Jabari D. Martin is the assigned Division person.

For the Humphreys County "News Democrat"--publish once on Friday, April 3, 2015.

The applicant is <u>Tennessee Stave, LLC</u> with a mailing address of <u>650 Sawmill Lane, Waverly, TN 37185</u>. They seek to obtain air contaminant permit(s) for a wood working operation and associated equipment at the following location: <u>43-0096-01/969852P</u> for <u>650 Sawmill Road, Waverly, Tennessee 37185</u>. The requested operation is for the approval to emit regulated air pollutants. Mr. Jabari D. Martin is the assigned Division person.

For the Humphreys County "News Democrat"-- publish once on Friday, April 3, 2015.

The applicant is <u>Murphy Oil USA, Inc.</u>, with a mailing address of <u>200 Peach Street</u>, <u>El Dorado</u>, <u>AR 71730</u>. They seek to obtain an air contaminant permit (Division identification number: <u>50-0157-01/70034</u>) for construction of a <u>Gasoline Dispensing Facility</u> located at <u>2130 North Locust</u>, <u>Lawrenceburg</u>, <u>TN 38464</u>. This proposed operation would consist of three (3) underground and twelve (12) gasoline nozzles. Stage I gasoline vapor recovery would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. C. Meek is the assigned Division person.

For the Lawrence County "Democrat-Union"--publish once on Tuesday, March 31, 2015.

The applicant is <u>Ryder Supply Chain Solutions</u> with a mailing address of <u>1306 Highway 70 Bypass</u>, <u>Jackson, TN 38305</u>. They seek to obtain an air contaminant permits (Division identification number: <u>57-0402-01/969116P and 57-0402-02/969902P</u>) for construction of two (2) <u>Diesel-Fired Emergency Generator</u> at <u>201 James Lawrence Road, Jackson, TN 38301</u>. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Swinea is the assigned Division person.

For the Madison County "Jackson Sun --publish once on Thursday, April 2, 2015.

The applicant is <u>Jasper Industrial Park, LLC</u> with a mailing address of <u>1570 Industrial Blvd.</u>, <u>Jasper, TN 37347</u>. They seek to obtain an air contaminant permit (Division identification number: <u>58-0120-01/65033</u>) for construction of <u>Barge and Rail Loading and Unloading activities at same address</u>. This proposed operation consists of coal and iron ore loading operation by barge and rail. Wet suppression would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Ms. O. D. Jacobsen is the assigned Division person.

For the Marion County "Jasper Journal"--publish once on Tuesday, March 31, 2015.

The applicant is <u>Vulcan Materials Company</u>, <u>L.P.</u> with a mailing address of <u>3001 Alcoa Highway</u>, <u>Knoxville</u>, <u>TN 37920</u>. They seek to obtain an air contaminant permit (Division identification number: <u>60-0017-01/70007</u>) for modification of a <u>Rock Crushing and Sizing Operation</u> located at <u>580 Theta Pike</u>, <u>Columbia</u>, <u>TN 38401</u>. This existing operation consists of crushed rock stockpiles, an impact crusher, and associated equipment used to produce crushed rock. Wet suppression is used for pollution control. The requested modification is to comply with the new federal requirements for fugitive emissions. There would not be physical construction. Regulated air contaminants are emitted by this source. Mr. C. Meek is the assigned Division person.

For the "Maury County "The Daily Herald""--publish once on Thursday, April 2, 2015.

The applicant is Pentacles Electric, LLLP with a mailing address of 1600 Ponce De Leon Blvd., Suite 1201, Coral Gables, FL 33134. They seek to obtain an air contaminant permit (Division identification number 65-0066/70036) for construction of an Electric Generating Facility located at Brewstertown Road, Robbins, TN. This proposed operation would consist of six (6) natural gas-fired reciprocation engines with 9.77 MW generators and two (2) natural gas-fired turbines with 58.9 MW generators. Each unit would be equipped with add-on controls to reduce NOx, CO and VOC emissions. There would be physical construction. Regulated air contaminants would be emitted by this source. Ms. O. Jacobsen is the assigned Division person.

For the Morgan County "Morgan County News" -- published once on Wednesday, April 1, 2015.

The applicant is Tennessee Valley Authority (TVA) - Kingston Fossil Plant with a mailing address of 714 Swan Pond Road, KFP 1A-KST, Harriman, TN 37748-8327. They seek to obtain air contaminant permit (Division identification number 73-0013-21/69997) for construction of a bottom ash dewatering facility at the same address. This facility shall consist of a dewatering conveyor, bottom ash bin storage, loading, and hauling bottom ash in trucks to the on-site landfill. Fugitive emissions controlled by enclosures for dewatering conveyor and bin storage; wet suppression used on paved and unpaved roads during hauling to the landfill. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. Vergil Murrell, III is the assigned Division person.

For the Roane County "Roane County New"-- publish once on Wednesday, April 1, 2015.

The applicant is <u>Vulcan Construction Materials LP</u> with a mailing address of <u>3001 Alcoa Highway, Knoxville, TN 37920</u>. They seek to obtain an air contaminant permit (Division identification number: 82-0206-01/70006) for modification of a rock crushing and sizing

operation located at 1516 Highway 11-W, Bristol, TN 37620. This existing operation consists of rock crushers and sizers and associated equipment. Wet suppression is used for pollution control. The requested modification is for the addition of New Source Performance Standards (NSPS) Subpart OOO requirements to the existing permit. There would be no physical construction. Regulated air contaminants emitted by this source would not increase. Mr. D. Wright is the assigned Division person.

For the Sullivan County "Bristol Herald Courier"--publish once on Thursday, April 2, 2015.

The applicant is Northeast State Community College, with a mailing address of P. O. Box 246, Blountville, TN 37617. They seek to obtain an air contaminant permit (Division identification number: 82-0308-03/69920) for a Diesel Engine serving an emergency generator Operation located at 2425 Tennessee 75, Blountville, TN 37617. This existing emergency generator equipped with an engine rated at 150 KW, is used to provide back-up power. The engine is a 2006 year Caterpillar Model D150-8. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants are emitted by this source. Mrs. Sarosh Kaiser is the assigned Division person.

For the Sullivan County "Kingsport Times-News"--publish once on Thursday, April 2, 2015.

The applicant is Rogers Group, Inc., with a mailing address of 421 Great Circle Road, Nashville, TN 37228. They seek to obtain an air contaminant permit (Division identification number: 83-0021-01/969999P) to modify a rock crushing and sizing operation located on 245 Lower Station Camp Creek Road, Gallatin, TN 37066. This existing operation consists of crushers, screens, conveyors, sand screws, and associated equipment used to crush and screen rock. The requested modification is to change the type and configuration of equipment at the site. Because of the amount and type of emissions, the use of pollution control equipment is not proposed and wet suppression is required. Questions concerning this source may be addressed to Mr.R.Benjamin at the same address or by calling (615) 532-0564.

For the Sumner County "News-Examiner" -- publish once on Wednesday, April 1, 2015.

The applicant is <u>Victory Group TN</u>, Inc., with a mailing address of <u>5500 Highway 31 West</u>. They seek to obtain an air contaminant permit (Division identification number: <u>83-0467-01/70051</u>) for construction of a <u>Gasoline Dispensing Facility</u> located at <u>the same address</u>. This proposed operation would consist of two (2) gasoline storage tanks and associated gasoline dispensing equipment. Stage I gasoline vapor recovery would be used for pollution control. There would be no physical construction. Regulated air contaminants would be emitted by this source. Mr. Chris Meek is the assigned Division person.

For the Sumner County "News-Examiner"--publish once on Wednesday, April 1, 2015.

The applicant is MTD Products Company with a mailing address of 136 Industrial Park, Martin, TN 38237. They seek to obtain an air contaminant permit for contaminant sources located at the same address as follows:

- (1) <u>Gasoline Dispensing Facility</u> (Division identification number: <u>92-0101-15 / 70029</u>). This existing operation consists of a 500 gallon gasoline storage tank and associated gasoline dispensing equipment. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. E. King is the assigned Division person.
- (2) <u>Emergency Engine</u> (Division identification number: <u>92-0101-16 / 70030</u>). This existing operation consists of a diesel fired electric power generator and associated equipment used to provide emergency backup electric power for the facility. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. E. King is the assigned Division person.
- (3) <u>Paint Curing Operation</u> (Division identification number: <u>92-0101-17 / 70031</u>). This existing operation consists of a natural gas fired bake oven and associated equipment used to cure paint on steel parts. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. E. King is the assigned Division person.
- (4) <u>Pretreatment/Washing Operation</u> (Division identification number: <u>92-0101-18 / 70032</u>). This existing operation consists of a six (6) stage pretreatment washer, natural gas fired burners, and associated equipment used to pretreat steel parts prior to the coating/painting operation. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. E. King is the assigned Division person.
- (5) <u>Fire Box/Air Curtain</u> (Division identification number: <u>92-0101-19 / 70033</u>). This existing operation consists of a diesel fuel fired incinerator and associated equipment used to burn wood waste. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. E. King is the assigned Division person.

The applicant is <u>AMAZON.COM.DEDC.LLC</u> with the mailing address: <u>345 Boren Avenue</u>, <u>North, Seattle, WA 98109-5306</u>. They seek to obtain air contaminant permit(s) (Division identification number(s): <u>95-0354-01 / 970009P</u> for installation of a natural gasfueled engine that drives a 340 kW emergency generator. The facility is located at <u>500 Duke Drive</u>, <u>Lebanon</u>, <u>TN 37090-8123</u>. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. R. Benjamin is the assigned Division person.

For the Wilson County "Lebanon Democrat"-publish once on Thursday, April 2, 2015.
